

NIGHT TIME FISHING PERMIT RULES.

- Adults 18 years of age and over can obtain a night permit (proof of age will be needed) from Hemsworth Community Centre.
- Under 18s may night fish, but only if they are accompanied by a night fishing permit holder.
- Day ticket rules also apply to night permit holders please remember to adhere to these at all times.
- Please put rubbish in bins provided.
- A maximum of 2 consecutive nights only (this allowing all other permit holders to access fishing lake and pegs available) we must try to be fair with all permit holders.
- Fishermen/women are expected to always behave in an appropriate manner and show consideration for all other fishermen/women at all times.
- Most importantly, we expect fishermen/women to treat the fish with the respect they always deserve and handle them with care.
- HTC reserve the rights to terminate any night fishing holders permit if we feel their behaviour is inappropriate. Anyone behaving un accordingly or aggressively will have their fishing permit terminated.

**Thankyou for fishing here at Hemsworth
Water Park.**
